

HY-526 Glue Gun For Invisible Fiber (Digital Display)

Description:

FTTR Glue Gun:

Invisible fiber cabling glue gun is suitable for FTTR indoor invisible fiber cabling hot melt glue fixed construction. Equipped with notched gluing mouth, stable gluing effect, also equipped with invisible fiber cable tray fixed column and fiber outlet slot, easy wiring, simplify the operation process.

Features:

- Glue and fiber come out together, it is a convenient, faster, more beautiful, more convenient and efficient wiring experience
- 360° adjustable nozzle: horizontal and vertical, flexible switching effectively solve the wiring in the process of Angle, dead Angle, corner problem
- 100-220°C temperature range, adjust the temperature according to their own use. 100 °C heating to ensure that the glue gun temperature interval operation, 220°C high temperature heating to make glue out fast, suitable for continuous operation

Specification

Dimension	LxWxH: 280 x 80 x 245 mm (including battery height)		
Weight	1050 g		
Rated voltage of battery	21 V DC	Battery	10 lithium ions
Battery capacity	3000 mAh	Temperature control	Adjustable
Charging Voltage	21 V	Charging current	2 A
Charging time	About 5 hours	Warm-up time	Room temperature 6-8 minutes
Standby time	Fully charged for about 120 minutes	Maximum temperature	220 °C
Applicable rubber rod diameter	Ø 11 mm	Gun nozzle design	360° adjustable
